Profile

An eager software developer with a strong interest in projects that require both conceptual and analytical thinking. Fully-committed to designing and developing innovative web-based materials that users will love. Always eager to learn more tricks from anyone - regardless of the industry they're working in.

Technical Skills

Swift	Grunt
Xcode	Git/Github
Javascript	JQuery
Python	Django
SQL	Bower/NPM
AngularJS	Firebase

Experience

Jr. Web Developer, NSS — 2016-Present

- Daily hands on application of OOP fundamentals through group and individual projects.
- Created single page applications in JavaScript in the Angular framework as well as HTML, CSS, Bootstrap, and Materialize.
- Worked with jQuery for JavaScript libraries
- Utilized Grunt to automate bundling of modules, JavaScript linting, and compiling Sass
- Project management/tracking with Trello and GitHub Issue Tracking
- Solution Design: white-boarding and wireframes
- Leveraged Django for creating and editing MVC applications
- Deployed applications through Firebase, GitHub and Digital Ocean
- Source code/version control with Git/GitHub
- Created servers and RESTful API's with Django REST framework
- Retrieved and stored database information in Firebase and SQLite and Postgresql
- Practiced TDD with Python's unit test framework

Account Executive: M&A Insurance, BLR, Comcast, Dell — 2010-2016

- Technical sales roles, requiring an in-depth knowledge of all products and services offered
- Excelled at communicating value to all levels of organizations, both technical and business
- Negotiated contracts for consumers up to C-level clients

Awards

Army Commendation Medal	2005
Army Medal of Achievement	2005

Projects

TrentSnaps
A Swift App using CocoaPods & Firebase to replicate the services offered by SnapChat. Users can take a photo, send to another registered user, and the photo will be deleted after viewing.
https://github.com/TrentHand/Swift_TrentSnaps

BookCollector
Swift App allowing a user to take a photo with their phone of books they own, then save them in the app. I built this so I could remember if I already owned a book while shopping at McKay's.
https://github.com/TrentHand/Swift_Book_Collector

Education

Nashville Software School — 2016-2017
NASHVILLE, TN

Public Relations Coursework, MTSU — 2002-2004
MURFREESBORO, TN
